SENIOR WOODLAND MANAGER

Vacancy at Nicholsons – Corby Office

Are you an experienced forester seeking change and new challenges? We are looking to recruit a Senior Woodland Manager to join the Corby branch of our Woodland Management Division. You will be welcomed into a friendly team with a wide breadth of experience and specialist interests. There is huge potential for you to put your skills and experience to good use by contributing to both team and business development and of course, supporting a highly varied and interesting client base. Working alongside other seniors in the woodland management team, you will take immediate lead on new and existing instructions, undertake line management, mentoring and coaching of less experienced foresters and look to secure new instructions.

Main responsibilities:

- To develop the Forestry division, particularly with emerging consultancy services.
- To manage forestry contracts and estates within acceptable levels of risk and with the target of achieving target company profit margin.
- To assess, price, plan and execute forestry contracts and management services ensuring necessary permissions are obtained eg felling licences, permits etc.
- To prepare management plans, secure grant aid and take responsibility for the day-to-day management of designated clients' woodlands.
- To be responsible for the development of employees within the division.

The ideal candidate must enjoy meeting clients to build on Nicholsons strong position in the market. Self-motivation and excellent interpersonal skills are essential as are computer skills. Work will be both office-based and on site. A full clean UK driving licence is required and a towing licence would be a bonus. Professional membership of the Institute of Chartered Foresters or another relevant body is desirable.

This is a full-time position, Monday to Friday 8.30am to 5.30pm. Training will be provided where necessary. There is also a full benefits package, including generous pension, 29 days holiday including Bank Holidays (pro-rata based on a 40-hour week) rising to 34 days after 2 years' service, and access to holiday cabins in Wales, Scotland and France. We will offer an attractive salary, depending on experience.

Nicholsons, based in North Oxfordshire and Corby, offers a complete woodland and tree management service, providing professional support to landowners in the areas of Woodland Management and Arboriculture. This position is for the Corby office.

If you would like to know more, please call Cheryl Lundberg on 07794 194888 for a confidential chat or send your CV with a covering note via email to Rachel Verdon: rachel@nicholsonsgb.com
